

Foray skid steer loader appeared on Small and Medium-sized Road Maintenance Equipments Exchange Seminar

3 September 2012 by FORWAY

Recently, Zhejiang Forway heavy industry Co., LTD. and its agent Shanghai Qixiu Machinery and Equipments Co., LTD. jointly organized the "small and medium-sized road maintenance equipments exchange seminar" with Shanghai Municipal Highway Industry Association in Shanghai city.

More than 300 guests attended this exchange seminar; those representatives mainly came from Shanghai municipal road maintenance department, contractors of road construction and maintenance. Forway sales staffs introduced Forway skid steer loader's function and features of usage; all guests were very interested in the multi-functions and quick-change to many jobs. During the demonstration time, they had asked many questions about the skid steer loader under working condition in their fields, and had a deep discussion with our staffs.

Our old customers shared their experience with Forway skid steer loader in road maintenance, which gave other representatives more confidence to buy Forway skid steer loader.
