

Potato Europe 2015: Successful international trade meeting for the potato industry in Belgium

8 September 2015 by Grimme

On 2nd and 3rd September 2015, more than 9.000 professional potato farmers, contractors and fabricators met on Europe's most important Get-Together in this industry.

This event takes place every year, alternately in Germany, Belgium, France and The Netherlands. On 300 square metres exhibition space, Grimme showed 3 planters and the 8-row foldable rotary hiller. The well-attended field demonstration also presented the self-propelled 4-row bunker harvester VARITRON 470 as well as the pulled 2-row bunker harvester SE 260, both equipped with the new version of Nonstop-Bunker. Furthermore, Grimme demonstrated the 2-row pulled bunker harvester SV 260. In the range of handling equipment Grimme was able to showcase the complete line with receiving hopper, single conveyor and store loader. Besides, the new LC-series of conveyors as well as a box filler came into operation.

The next Potato Europe will take place in France.
