

Haulotte Group unveils its new corporate website

28 January 2016 by Haulotte

www.haulotte.com offers an online showcase for the Group and its businesses, while providing an ideal link to all Haulotte Group's corporate contacts. Completely redesigned, the site provides a gateway to discover our Company.

All those seeking clear and practical information about the Haulotte universe will find the qualitative information they are looking for at this site.

Just like the 20 local websites created for the Group's network of sales and service entities, the Group's corporate website offers the visitor an improved experience with simplified navigation, an intuitive interface and a responsive web design for multiple screen formats (desktop, tablet, smartphone).

- Whether you are a journalist, an investor, a financial analyst, a supplier (or a potential future supplier)
- Whether you are interested in joining the Haulotte teams

Our new corporate website has adopted a clearly designed web architecture making it easy to find the right information.

And for those of you interested in shopping, the site also provides a direct link to our online "Boutique".

Finally, we invite you to join us at our social media sites, by simply clicking on the corresponding icon at the bottom of the home page.
