

AR 250e: The new power category moves ahead!

5 May 2016 by weycor

A weycor wheel loader in XXL is a big thing for us. And more than that, our AR 250e is even great! In the past three years, we have been thinking bigger and above all, we have been thinking ahead.

All levels of management and all departments – financial controlling, the distribution team, industrial designers, mechanical engineers, quality control, and our assembly workers – contributed to the development by sharing their experience and know-how. Our customers' wishes were also taken into account. They were implemented on the basis of the expertise gathered from more than 40 years of manufacturing compact wheel loaders, thereby applying our high standards with regard to service life, power and performance.

And now, our AR 250e is finally ready to spring into action: With this machine, you enjoy all the benefits of a power category that is up to any task, anywhere. In every detail, it is tailored to the drivers' needs for comfort & efficiency. In addition, its engine is extremely powerful as well as sustainable and economical.
