The range consists of 6 dashboards, Spot, Quik, Quik Plus, Revo, Revo Plus and Smart; 4 displays, Zip, Giotto K, Giotto and Leonardo; 2 ECUs, Dyna and Actua. [Read more >>](#)

Efficiency improves at work

Construction machine manufacturers will do almost anything to optimize the productivity and service life of their machines, and lubricants are typically not a factor in this process. "That's wrong!" says Rolf Fianke, Global Brand Manager DYNAVIS® & NUFLUX™, technology brands of the business line Oil Additives at Evonik. "The Oil Additives specialists at Evonik will help visitors at bauma see that fluids formulated with DYNAVIS® and NUFLUX™ technologies are what their machines have been missing." [Read more >>](#)
