FPT Industrial discussed its advanced customer service offer with attendees of ConExpo

17 April 2023 by FPT Industrial

FPT Industrial delivers its customers **360-degree professional assistance** to **maximize uptime, minimize TCO, and prevent any possible issue**. Across the US and Canada, FPT Industrial stands by its customers with a complete distribution network featuring fully engaged and continuously trained partners delivering the best products, the fastest assistance, and the most professional advice.

At CONEXPO-CON/AGG 2023 visitors could discover more about FPT Industrial's advanced Customer Service offer. The **MyFPT app** brings customers information at the tip of their fingers, along with quick, efficient, and tailored support. By connecting the plug-and-play FPT Industrial dongle to the machine engine diagnostic port, and the MyFPT app via Bluetooth, it is possible to gather live engine data.
