EvoQuip to exhibit at Future Minerals Forum 2024

14 December 2023 by EvoQuip (Terex)

- EvoQuip®, a global provider of compact crushing and screening equipment, will participate in the Future Minerals Forum on January 10-11, 2024, in Riyadh, Saudi Arabia.
- The company aims to strengthen its presence in the Middle East by seeking new distributors at the event.
- EvoQuip will showcase its extensive product range and engage with industry professionals at the Invest Northern Ireland booth C01.
- The Future Minerals Forum serves as a platform for EvoQuip to connect with potential distributors committed to delivering high-quality solutions in the materials processing sector.

- **Jamie Mairs, International Sales Director at EvoQuip, emphasizes the company's dedication to the Middle East market and the search for experienced distributors to deliver advanced mineral processing solutions.**
- **Prospective distributors can discuss partnership opportunities with EvoQuip and explore the company's innovative equipment offerings for potential regional growth.**

EvoQuip®, global provider of compact crushing and screening equipment, is set to participate in the highly anticipated Future Minerals Forum on January 10-11, 2024, in Riyadh, Saudi Arabia. In a bid to strengthen its presence in the Middle East, EvoQuip will be actively seeking new distributors in the area.

EvoQuip recognises the strategic importance of the Middle East in the materials processing sector and is excited to connect with potential distributors who share a commitment to delivering high-quality solutions to the market. The Future Minerals Forum provides an ideal platform for EvoQuip to engage with industry professionals, showcase the extensive product range and identify distributors who can help expand its reach in the region.

Visitors will find EvoQuip at the Invest Northern Ireland booth C01 and can learn more about the portfolio of compact crushing, screening and shredding equipment, as well as talk to the team about the exciting prospect of becoming a distributor for EvoQuip's innovative range of equipment.

"Our presence at the Future Minerals Forum marks a significant step in our commitment to the Middle East market. We are actively seeking dynamic and experienced distributors who share our vision for delivering cutting-edge mineral processing solutions and services to customers throughout the region," said Jamie Mairs, International Sales Director, EvoQuip.

Prospective distributors will have the opportunity to discuss partnership details, learn about EvoQuip's product offerings, and explore the potential for mutual growth in the rapidly evolving industry.
