Metso launches the first diesel-electric Lokotrack EC range units

Metso launches the first diesel-electric Lokotrack EC range units

IMAGE SOURCE: Metso

Metso's Lokotrack® EC range brings a new diesel-electric power line to the aggregates market. All the process functions of the range are electric, significantly reducing the use of hydraulic oil needed in the crushing operations. All Lokotrack EC range units can be powered with external electricity. [Read more >>](#)

Volvo expands its range of biodiesel-powered trucks

Volvo Trucks is expanding its model offers adapted for biodiesel

IMAGE SOURCE: Volvo Trucks

A full range of new **Volvo truck** models can now be powered by 100% biodiesel, offering another renewable fuel choice for customers looking to reduce CO2 emissions from transport here and now. [Read more >>](#)

CECE at CSPI-EXPO 2024

CECE at CSPI-EXPO 2024

IMAGE SOURCE: CECE - Committee for European Construction Equipment

CSPI-EXPO 2024 is an annual event, taking place in Tokyo. The next edition is scheduled for 22-24 May and will be the 6th edition of the fair. CSPI-EXPO 2024 will also serve as the venue hosting the annual meeting of the International Associations Committee, IAC. [Read more >>](#)

ANMOPYC services

ANMOPYC services

IMAGE SOURCE: Anmopyc

Cluster **ANMOPYC**, Spanish Construction and Mining Equipment, was founded in the year 1982, and the original purpose of our creation was to defend the interests of companies in the sector at the national and international levels. [Read more >>](#)

The new SENNEBOGEN maXcab - The most modern and comfortable cab in its class

The new SENNEBOGEN maXcab - The most modern and comfortable cab in its class

IMAGE SOURCE: SENNEBOGEN Maschinenfabrik GmbH

Operator comfort is a priority at **SENNEBOGEN**, as the operator spends many hours in the cab every day. The maXcab is designed to make working in the machine as pleasant and easy as possible for the operator. [Read more >>](#)

Bobcat Demo Days 2024 features more than 90 machines and innovations spanning manufacturer's full equipment portfolio

Bobcat Demo Days 2024 will welcome over 700 visitors from all around the EMEA region

IMAGE SOURCE: Patrik Eder, LECTURA GmbH

More than 700 customers, dealers, suppliers and journalists from across Europe, the Middle East and Africa (EMEA) are heading to Doosan Bobcat EMEA's campus in Dobříš, Czechia for Bobcat Demo Days 2024. [Read more >>](#)

DLG-Feldtage 2024: Machinery demonstrations with technical innovations in the field

DLG-Feldtage 2024: Machinery demonstrations with technical innovations in the field

IMAGE SOURCE: DLG e.V.

The DLG-Feldtage 2024 event will be held 11-13 June in Erwitte near Lippstadt, Germany, under the guiding theme "Crop production out of the box". At this year's machinery demonstrations with live commentary in German, 77 different machine combinations are planned. [Read more >>](#)

Volvo Construction Equipment and Portable Electric unveil game-changing PU130 mobile battery energy storage system with first-of-its-kind 48-volt DC Fast Charging capability

Portable Electric and Volvo Construction Equipment Unveil Game-Changing PU130 Mobile Battery Energy Storage System with First-Of-Its-Kind 48 Volt DC Fast Charging Capability
IMAGE SOURCE: Volvo Construction Equipment

In a landmark collaboration aimed at revolutionizing the construction industry's approach to off-grid electric equipment charging, **Volvo Construction Equipment (Volvo CE)** and **Portable Electric** are proud to introduce the PU130. [Read more >>](#)

New Cat® Hydraulic Connecting CW Couplers For Excavators Deliver Fast And Safe Attachment Changes With Less Spillage

New Cat® Hydraulic Connecting CW Couplers For Excavators Deliver Fast And Safe Attachment Changes With Less Spillage

IMAGE SOURCE: Caterpillar

Building on decades of field success with the CW coupler platform, Caterpillar announces three new Cat® Hydraulic Connecting CW (HCCW) coupler models. Connecting seamlessly to the machine's hydraulics, HCCW quick couplers allow operators to switch between hydraulic attachments with full functionality in seconds from the safety of the cab. [Read more >>](#)

Doka's pioneering work is bearing fruit: Criteria for calculating the product carbon footprint of formwork and scaffolding established for the first time

Doka has calculated the PCF for more than 7,000 formwork and scaffolding products. (Product in the image: Doka Xdek panel)

IMAGE SOURCE: Doka GmbH

The **product carbon footprint** (PCF) measures the total greenhouse gas emissions (GHG) generated by a product across all its relevant material life cycle phases. It is an important tool for assessing the overall climate impact of a product and identifying levers to reduce emissions in the value chain. [Read more >>](#)
