Kramp – Europe's No. 1 for agricultural spare parts

16 October 2025 by Kramp GmbH

Where agriculture meets – in Hanover!

As a strong partner to the specialist trade in agriculture, forestry & garden, and construction, **Kramp** will be presenting its newly designed stand at **Agritechnica**. Visitors are invited to dive into the *Kramp experience world* and enjoy exclusive insights, digital solutions, and personal exchange.

With a broad range of over two million items, Kramp offers everything from a single source – spare parts and accessories for agricultural machinery, forestry & garden equipment, and construction. Thanks to a dense logistics network with eleven distribution centres across Europe, orders are delivered quickly and reliably – often as soon as the next day.

Innovative online platform supports specialist retailers and users

Soon, farmers and contractors will be able to order their spare parts online: in cooperation with participating dealers, Kramp will make access to its comprehensive product range even more convenient. Kramp connects everyday practice on farms and construction sites with the specialist trade – building a seamless bridge between demand and supply.

Visit Kramp at Agritechnica:

Hall 2, Stand A19

It's that easy – let's get familiar.
