MAGNA Appoints Powerscreen of Florida as Distributor for Florida and Georgia

29 October 2025 by Terex MAGNA

- MAGNA, a Terex brand, appoints Powerscreen of Florida as its distributor for Florida and Georgia.
- Powerscreen of Florida has over 40 years of experience and a strong history with Terex brands.
- MAGNA offers a broad range of heavy-duty crushers, screens, and conveyor systems for high-capacity operations.
- The partnership ensures local sales, parts, and service support for MAGNA customers in the region, enhancing market reach and customer service.

MAGNATM, the Terex brand established to meet the needs of large-scale operations, is pleased to announce the appointment of **Powerscreen** of Florida as its distributor for the states of Florida and Georgia.

Established in 1984, Powerscreen of Florida brings over 40 years of expertise in crushing, screening, washing, grinding, and recycling equipment. As a long-time distributor of **Terex** brands, including Powerscreen, **EvoQuip, CBI, and Terex Washing Systems**, their experienced team and strong service support make them a dependable choice for serving MAGNA customers across the region.

Built on Terex's engineering excellence and innovation, MAGNA equipment is designed for operators handling high volumes and requiring superior output performance. The comprehensive MAGNA range includes heavy-duty jaw, cone, and impact crushers; versatile horizontal, trommel, scalping, and roller grizzly screens; and high-capacity conveyor systems engineered for effective material handling on demanding sites.

Effective immediately, Powerscreen of Florida will have access to the complete MAGNA lineup of equipment while customers across the states will benefit from local and comprehensive sales, parts, and service support.

Neil McIlwaine, Business Line Director at MAGNA, said, "We're delighted to welcome Powerscreen of Florida as a MAGNA distributor. Their strong ties to Terex, deep understanding of customer needs, and proven track record in heavy equipment support make them a valuable extension of our brand. With their regional presence and commitment to service, we're confident MAGNA customers in Florida and Georgia will receive the support they need."

Raffi Bournigal Jr, Sales Manager of Powerscreen Florida, added, "We're excited to add MAGNA to our portfolio of Terex brands. We see increased pockets of demand for high-capacity processing equipment, and MAGNA delivers the performance and durability these customers need. This addition not only strengthens our offering but also enables us to tap into new market segments where higher throughput is critical. We look

forward to introducing MAGNA to our region and supporting its growth with our full-service capabilities.”
